

5G Fixed Wireless Access

Cut the wire with Enterprise-Grade 5G connectivity

Connectivity guaranteed to any UK site within days

You urgently need connectivity from day one – and dealing with fixed-line providers can be a frustrating experience. We install our 5G Fixed Wireless Access within days so you can enjoy reliable fibre-like speeds in days with no hassle.

5G Fixed Wireless Access – What's it all about?

Deployed far faster than traditional fixed-line connections, our high-speed and reliable 5G Fixed Wireless Access solution utilises all four UK mobile networks to provide the rapid connectivity that enables the critical broadband WAN access your site needs.

Provided with a 4G/5G router and pre-configured to your specifications, our 5G Fixed Wireless Access solution is ready to instantly connect your local network to the Internet. We have already set up thousands of 5G Fixed Wireless Access services throughout the UK, and we will get you up and running in days so you can focus on what you do best.

NO BROADBAND? NO PROBLEM

24/7 support	No line rental	Flexible contracts	Unlimited data
4G/5G speeds	Fast deployment	All networks supported	Full UK coverage

Super-fast, scalable & Enterprise wireless WANconnectivity

Rapid installation

We'll get you up and running in no time. Unlike other providers, we guarantee installation to your business site in under 10 days.

Enterprise-Grade security

Provided in partnership with Cradlepoint, our Enterprise-Grade routers meet the highest security standards.

Lightning speeds

Simply power on the router for rapid connection from day one. We're one of only a few 5G providers in the UK and will conduct a full RF survey to ensure your site has the fastest speeds possible.
